

## DOG PARK EQUIPMENT

Make your dog park a community destination | [www.dogparkproduct.com](http://www.dogparkproduct.com)

## WHY BARKPARK?

Our agility products and courses are based on popular agility obstacles and have been developed for use by dogs of all abilities and confidence levels.

Most of all, BarkParks build attractive and fun places for pets and their families to exercise, socialize, and enjoy nature!

-  Promotes healthy behavior in dogs and dog owners
-  Offers exclusive CanineCoat™ thermoplastic coating
-  Available in 7 pre-configured agility courses
-  Made in the USA
-  Commercial Grade
-  Offers coordinating site amenities and accessories

## OUR STORY

We LOVE dogs – not just our dogs, but every dog! That’s why we designed dog park equipment to bring communities together all over the world.

Working in the recreation market made us realize that people don’t just take their little ones to the park... but they bring their fur babies too! Dogs are awesome and they play such a vital role in the family unit, so why shouldn’t they have their own dedicated park?!

And so, BarkPark was born. We have taken the time to study not just dog behavior in the park but the community it builds when introduced. Each of our products are researched, tested, and designed with our #1 customer in mind – your dog!

**“The journey of life is sweeter when traveled with a dog.”**

*– Bridget Willoughby*

DOG PARK  
ADVOCACY GUIDE

Unleashed: Off-leash Dog Park Design  
Trends and Planning Tips

The Unleashed guide book helps communities effectively advocate for the many benefits of off-leash dog parks. Dog parks provide enjoyable ways to recreate and exercise for both dog owners and their dogs. They also create community destinations. Research shows there are many positive effects for individuals that own a dog(s); as well as health and social benefits of owning a dog, caring for it, and recreating outdoors with pets. In addition, design considerations and case study examples are outlined to effectively design a dog park and champion initiatives that provide meaningful outcomes supporting overall health and social benefits for the community.

“BarkParks keep individuals fit and active, increase their enjoyment of the outdoors, and help to increase connectivity among people living in the area.”

Pets are good for your health!

Love, companionship, and sloppy kisses are just a few of the reasons people own pets. In fact, pets have proven to be good for your health in many ways.

STRESS REDUCTION

Pet owners have less stress and recover more quickly from it.

HEART HEALTH

Studies show that people with pets have healthier heart rates and blood pressure.

WEIGHT MANAGEMENT

Dog owners are less likely to be obese, due to being more physically active when walking their pets.

CHOLESTEROL LEVEL

Studies show that owning a pet can decrease cholesterol, triglycerides, and blood pressure.

APPROPRIATE SETTINGS  
FOR A BARKPARK

- Public Parks
- Multi-Family Housing
- Municipalities
- Rest Areas
- Hotels
- RV Parks
- Airports
- Doggie Daycares
- Anywhere furry friends are welcome

COLOR OPTIONS

In addition to offering many different course configurations, BarkPark is available in two (2) color options to appeal to your design aesthetic.

- Playful
- Natural

MADE IN THE USA

BarkPark equipment is proudly designed and manufactured in our UltraSite manufacturing facility in Red Bud, IL.

The comfort and safety of your dog is important to us which is why we developed our exclusive CanineCoat™ thermoplastic coating. Our steel walking surfaces that come in contact with your dog's paws feature BarkPark's proprietary CanineCoat.™

- Slip-Resistant
- Durable, Resistant to Vandalism
- All-weather, UV Protection
- Urine Resistant

BARKPARK COURSES

Save BIG with agility based courses! These expertly configured courses are sure to bring out the champ in your pup! You will enjoy training and watching your dog grow in confidence and he or she will enjoy the challenge! Want to create a custom course? Hand pick from our agility product lines to create your one-of-a-kind destination.

## AGILITY PRODUCTS

### HOOP JUMP

TBARK-430

The Hoop Jump is a progressive jump trainer for dogs of all abilities which features three rings of increasing heights. Mounts inground or surface mounts with anchor bolts. Thermoplastic coated.

46.75" L x 1" W x 53" H | 32 lbs.

### SMALL HOOP JUMP

TBARK-431

Our Small Hoop Jump is designed specifically for little legs! The hoops are staggered in three different heights. Mounts inground or surface mounts with anchor bolts. Thermoplastic coated.

50" L x 1" W x 25.5" H | 15 lbs.

## FIRE HYDRANT & MISTING FIRE HYDRANT

The most popular spot in the park! The Fire Hydrant is resistant to urine and creates a fun social hang-out! Choose between the standard Fire Hydrant, or to keep your canine cool, choose our Misting Fire Hydrant. The Misting Fire Hydrant sprays for 10 seconds when the top button is pushed. Surface Mounted. Thermoplastic Coated.

**FIRE HYDRANT TBARK-465**

**13.3" W x 25" H | 40 lbs.**

**MISTING FIRE HYDRANT TBARK-466**

**13.5" W x 25" H | 45 lbs.**

## DOGGIE CRAWL

**PBARK-491**

The Doggie Crawl is a classic crawl tunnel that features many spyholes for increased interior brightness and superior supervision. The large diameter tunnel allows entry by most dogs and is made of heavy-duty rotomolded plastic. It can be surface mounted with ground spikes (included) or mounted inground.

**44" L x 40" W x 45" H | 90 lbs.**

## ROVER JUMP OVER

**PBARK-450**

The Rover Jump Over is an adjustable jump bar challenge that allows for quick and easy height changes—higher for experienced jumpers and lower for beginners and small dogs. The height can adjust simply by moving the bar to higher or lower notches in the frame. Mounts inground or surface mounts with anchor bolts. Powder Coated.

**78" L x 42.5" W x 34.5" H | 75 lbs.**

## PAWS GROOMING TABLE

**PBARK-420**

The "Paws" Table provides a place for dogs to take a break from running the BarkPark™ course or to practice sit and stay commands. Basic grooming can also be accomplished while the dog takes a pause. Mounts inground or surface mounts with anchor bolts. Canine Coat.

**36" L x 36" W x 12" H | 56 lbs.**

Top View

## DOG WALK

PBARK-410

The Dog Walk is the largest BarkPark™ component and is made up of three non-slip planks supported by mounted posts. Dogs can walk or run up, across, and down the planks based on their individual level of balance and confidence. Mounts inground or surface mounts with anchor bolts. Canine Coat.

230.25" L x 30" W x 32" H | 360 lbs.

## STEPPING PAWS

PBARK-470

The Stepping Paws require the dog to either step or jump from each platform. The pods increase and decrease in height to develop balance and confidence. The pods can be arranged to provide a true test of agility or to create a fun obstacle for dogs to play. Mounts inground or surface mounts with anchor bolts. Canine Coat.

14.5" OD | 75 lbs.

## KING OF THE HILL

PBARK-400

Let them be King! The King of the Hill provides a challenge for all dogs to walk or run up an incline and descend the other side at their own pace and confidence level. Endurance and balancing capacity are also developed. Mounts inground or surface mounts with anchor bolts. Canine Coat.

127.5" L x 30" W x 48.25" H | 240 lbs.

PBARK-460

## WEAVE POSTS

Each post has a flexible steel spring located at the attachment point that provides great spring action for safety and smooth pacing even at top speeds.

### TROOPER PBARK-460

These heavy duty aluminum weave posts include a total of six inground posts, manufactured in two sets of three. Each set includes (1) surface mount plate that allows for easy alignment. Powder Coated.

**132" L x 3" W x 24.5" H** | 84 lbs.

PBARK-462

### ROOKIE PBARK-462

These flexible PVC weave posts are mounted inground and manufactured in sets of four on (1) surface plate that allows for easy alignment. Powder Coated base, Uncoated PVC pipe.

**88" L x 3" W x 24.5" H** | 18 lbs.

## TEETER TOTTER

### PBARK-440

The Teeter Totter offers the challenge of an obstacle that the dog must "control." Once mastered, the Teeter Totter can be a real confidence booster for dogs in terms of balance. Mounts inground or surface mounts with anchor bolts. Canine Coat.

**120" L x 15" W** | 100 lbs.

INTRODUCING:  
NATURE BARK

NEW

Barkpark's newest dog  
park adventure.

Pack your hiking gear and take off to a more natural dog park experience, whether it's crawling through logs, or jumping from boulders, these natural obstacles are sure to bring out those wild instincts!

## PUP TURF

Don't forget surfacing! Pup Turf is a leading artificial turf provider for dog parks nationwide.

- 🐾 Natural outdoor look
- 🐾 Perforated turf layer provides rapid drainage
- 🐾 Eliminates unsightly dead grass spots and mud pits
- 🐾 Odors easily flush away with water
- 🐾 Featuring SILVERBACK™ backing which provides unmatched strength, stability, and greatly reduces the risk of wrinkles, expansion, and shrinking

## WEAR MATS

161292

Made from 85% recycled rubber, Wear Mats help to provide stability and longevity for surfaces when placed in high traffic areas. They can be placed on top of the surface and will reduce maintenance time and cost in areas where they are used. Shown here on both ends of the Teeter Totter.

48" L x 44" W x 1" Thick | 60 lbs.

**WARRANTY: 5 YEAR LIMITED WARRANTY ON THERMOPLASTIC/CANINE COATED ELEMENTS.**

BarkPark guarantees five-year limited warranty on all the thermoplastic coated products, One-year limited warranty on all the Glass Fiber Reinforced Concrete (GFRC) products and one-year limited warranty on all other products to be free of defects in workmanship or materials when installed and maintained properly. We agree to repair or replace, any items determined to be defective. Items specifically not covered by this warranty includes vandalism, man-made or natural disasters, lack of maintenance, normal weathering or wear and tear due to public use.

## SHADES, SHELTERS & BIKE RACKS

Fabric shades, shelter structures, and bike racks are perfect additions to any dog park. Shade and shelter provide comfortable spaces for your patrons as they socialize or relax while watching the dogs play, while bike racks provide secure parking for cyclists. Find these and more furnishings to complete your space at [www.ultra-site.com](http://www.ultra-site.com)
